FOR IMMEDIATE RELEASE

HEFREN-TILLOTSON NAMED AS FINALIST IN 2021 BEST PLACES TO WORK IN PITTSBURGH

PITTSBURGH– Hefren-Tillotson, Inc., one of Western Pennsylvania’s largest investment advisory and financial planning firms, has been recognized by the *Pittsburgh Business Times* as a finalist in the top Best Places To Work in the Extra Large company category of 150 employees or more.

The awards, which received more than 200 applications from Pittsburgh-area companies, are based on an online survey of employees. Companies are surveyed on a variety of factors ranging from employee job satisfaction to salary satisfaction to perspectives on management. Small companies have between 10 and 24 employees, medium 25-49, large 50-149 and extra-large 150-plus.

Hefren-Tillotson’s position as a 2021 Best Place To Work is a result of the company’s focus on its core values and for creating and supporting a corporate culture based on service.

“The Best Place To Work Awards are about the people and Hefren-Tillotson is honored to again be selected as one of those organizations,” said Kim Tillotson Fleming, Chief Executive Officer.

“We strive to create an environment where people can have a positive impact within our organization each and every day.

“Traits like creativity, collaboration and a desire to serve clients are encouraged. We are committed to providing a great place to work and are excited to continue our growth with our most valuable assets – our people.”

The awards are administered by Omaha, Neb.-based Quantum Market Research. Online employee satisfaction surveys formed the basis of the final ranking scores used in this program. The number of surveys required from each company was based on a sliding scale applied to the total number of employees the company has in the region — the higher the number of employees, the lower the percentage of employee surveys required to qualify. Companies are ranked by category.
